Gardner Denver Nash Partners with Indiana Company to Extend Product Reach

[INDIANAPOLIS, IN - April 1, 2010] - Gardner Denver NASH, a global provider of liquid ring vacuum pumps, compressors and engineered systems, announces its expansion of its partnership with Process Controls Corporation into the state of Ohio. For Process Controls Corporation adding an office in Cleveland, Ohio to their existing offices in Indianapolis, Indiana (Corporate), Louisville, Kentucky and Cincinnati, Ohio will add greater depth and support for NASH's client base. Process Controls' new location promises to boost the company's reach, customer service and product offerings.

"With Gardner Denver NASH and Process Controls, singularly focused on client-driven results, the expansion of our partnership is a natural and logical fit," said John Shaffner, President of Process Controls Corporation.

Process Controls Corporation, one of the country's leading representatives for Gardner Denver NASH, was founded in 1971, services the of vacuum pumps, compressor systems and process equipment needs within the pharma/biopharma, chemical, power, pulp and paper industries.

The new Cleveland Office for Process Controls Corporation is located at:

**124 West Lafayette Road, Suite 200
Medina, Ohio 44256-2378
To contact the new office call: 330.722.6060**
